FLUMOOD®

i perché della scelta di un nuovo materiale...

L'evoluzione tecnologica ci permette di poter usare nuovi materiali dalle caratteristiche straordinarie.

FLUMOOD è un materiale di nuova generazione, ecologico, compatto, non poroso, uniforme, atossico, con una superficie facilmente pulibile con i comuni prodotti per la pulizia domestica; inoltre può essere ripristinato semplicemente anche in caso di graffi o segni derivanti dall'uso quotidiano. Un materiale perfetto quindi per poter essere utilizzato nell'ambiente bagno.

antoniolupi, sicura della soddisfazione dei propri clienti, ha deciso di impiegarlo in alcuni suoi progetti di top e lavabi per i quali si è rivelato ideale sia nella finitura Flat che in quella Texture.

FLUMOOD®

the reason for choosing a new material...

Technological evolution allows us to be able to use new material with extraordinary characteristics.

FLUMOOD is an innovative material, ecological, compact, non-porous, uniform, non-toxic with a surface easy to clean with common cleaning products; can be restored when scratched caused by everyday use. A perfect material for the bathroom.

antoniolupi is sure that customers will be completely satisfied and has decided to use this material in their projects concerning tops and sinks proved ideal in either the Flat or Textured finish.
