

# *Big Bend*

We present the Big Bend collection,  
inspired by the surroundings and  
the landscapes of the National Park  
with the same name, placed in  
Texas, USA.

A woman with long, wavy hair, wearing a wide-brimmed hat and a light-colored, textured coat, is sitting outdoors. The background is a soft-focus landscape with hills and trees. A semi-transparent dark grey box with white text is overlaid on the lower left of the image.

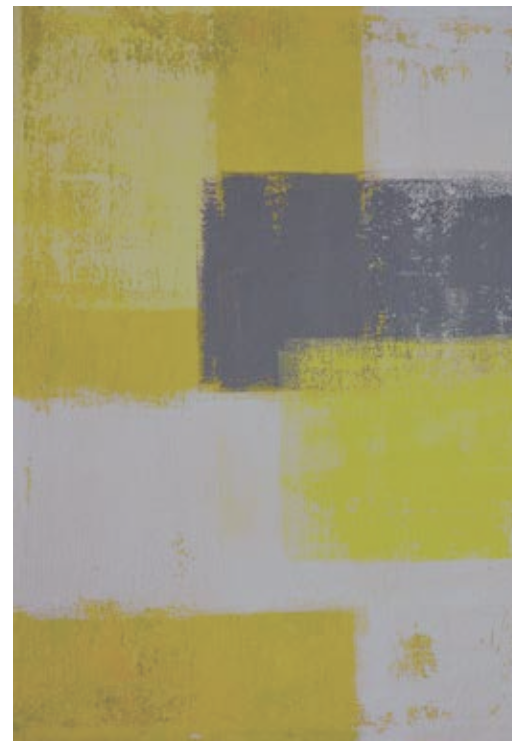

The collection is composed of three shades that imitate American stone, of the sandstone family. With a pronounced directionality and smooth veining, it is characterised by the multiple finishing possibilities offered by its natural state (flamed, polished, bush-hammered, etc.).

It is porcelain, in an 80x80 cm size, rectified, made with digital print and with a wide graphic design variety which includes 12 different pieces.

Its nice, natural finish, together with the endless possibilities of combination with all of its pieces, make this collection ideal for both classic and avant-garde indoors, creating unique floors which will never go unnoticed.
