

Stylish

A las características intrínsecas de Harmony como el diseño, la elegancia y la calidad, se unen para esta colección la modernidad y la sobriedad. 'Stylish' es una línea decorativa cuyo principal elemento es el metal, para recrear espacios de marcado carácter urbano y funcional. Combinado con otros productos neutros aporta a los ambientes ligereza y minimalismo.

In addition to Harmony's intrinsic characteristics, such as its design appeal, elegance and quality, this collection also stands out for its sobriety and modern air. Stylish are decorative coverings mainly based on a use of metal perfect for settings with a functional, urban air. Combined with other neutral products, they can add a lightweight, minimalist feel to living spaces.
