*Constructa — это коллекция, вдохновленная образом такого материала, как цемент. Она позволяет создавать композиции с ярко выраженной индивидуальностью в городском стиле. Ее нейтральные цвета и матовая поверхность дополняются привлекательными декоративными элементами.*

يعتبر الأسمنت هو الإلهام الكامن وراء مجموعة Constructa، المصممة للحصول على إعدادات لها شخصية حضرية رائعة. تتناسق النغمات الطبيعية والتشطيبات الغير المتوهجة مع بلاطات الموزايك الجذابة.
