SensoWash® Product Information

SensoWash® represents a new range of shower toilet seat with dedicated 'Rearwash' and 'Ladywash' functions.
Duravit provides SensoWash® in different comfort classes: SensoWash® Starck, SensoWash® Starck C and SensoWash®Slim.
SensoWash® Starck C and SensoWash®Slim ceramics conceal the connections supplying water and electricity.
This makes installation simple. There are three stages, pre-installation, toilet installation and the mounting of the shower toilet seat.

The functions themselves - from gentle cleansing to intelligent energy saving mode - offer maximum comfort with very easy operation, as all functions are remotely controlled.
