# ELEGANCE

# Materia d'arte architettura e design

La tradizione barocca ne ha fatto materia d'arte e d'architettura. Oggi è il design a raccoglierne la delicatezza ambrata e la struttura marcata in un elemento lineare e ricercato.

## Material for art, architecture and design

The baroque tradition made it a quintessential material for art and architecture. Today it is design that exploits its amber-coloured delicacy and marked structure, transforming it into a refined and linear element.

## Matière d'art, d'architecture et de design

La tradition baroque en a fait une matière pour l'art et l'architecture. Aujourd'hui, c'est le design qui en hérite la délicatesse ambrée et la structure marquée dans un élément linéaire et recherché.

## Werkstoff der Kunst, Architektur und des Designs

Durch die Barocktradition avancierte er zum Werkstoff der Kunst und Architektur. Heute wird die bernsteinartige Zartheit und ausgeprägte Struktur durch das Design eines linearen und ausgesuchten Elements verkörpert.
