'ELEUSINE by JIN KURAMOTO' is a stone-effect collection inspired by the irregularity of typical features of everyday life: the shadows of lines cast by the sun on a wall, a hedge made with the leaves of a plant, the vines that cover a wall, special soil that is created when rock is exposed to wind and rain, the appearance of gradually worn material etc. The Japanese design studio JIN KURAMOTO reconstructed these situations and expressions of everyday life, using straight lines, on tiles designed exclusively for Harmony.

La colección de piedra natural ELEUSINE by JIN KURAMOTO nace en vista de la irregularidad de las expresiones que existen en la vida cotidiana. "Las sombras que proyectan líneas hechas por el sol en la pared, el seto que se formó con la planta de diferentes hojas, la forma de las vides que cubren la pared, la tierra especial que está hecha de exponerse al viento y a la lluvia, el aspecto del material que se deteriora gradualmente, y así sucesivamente". El estudio de diseño japonés JIN KURAMOTO reconstruye estas situaciones y expresiones utilizando la línea recta como grafismo para esta pieza desarrollada en exclusiva para Harmony.
