

Incasso _ Built-in

Trasformare il lavello da un semplice accessorio della cucina ad un sistema di lavaggio articolato capace di scomparire quando non utilizzato: • questa la missione affidata a questa gamma progettata e realizzata per un pubblico esigente ma ad un costo accessibile. Iris è la versione più conveniente dei famosi lavelli "a scomparsa" della Apell.

Come una Lavastoviglie che si integra perfettamente quasi scomparendo nel contesto del mobile, così questo lavello, quando non utilizzato, si integra con il top aumentandone la superficie di appoggio grazie agli eleganti coperchi scorrevoli.

Iris is an amazing sink that can be turned into a complex washing tool and yet, concealed when not in use. This sink was designed for an exigent market and at a bargain price. Iris is the cheapest of the hide-away sinks from Apell.

Just like a dishwasher which can perfectly fit into the furniture design of the kitchen, this sink, when not in use, expands the surface of worktop thanks to its elegant sliding boards.
