We're here  
To introduce  
next-generation  
trends

Varmora has carved a niche for itself with its innovative and inspiring collection. Continuing the legacy, Varmora is here with another path-breaking collection, a range that integrates technology and creativity. It is built with 5th Gen Technology and incredible features that can withstand the test of time. Robust surfaces and elite craftsmanship attest to the inherent grandeur of the collection. It is a work of art that has been developed under the constant surveillance of experts and can address the concept of versatile application with sheer ease. The scintillating shades, enthralling designs, intriguing patterns are but a few reasons to fall head over heels in love with this collection.

A comprehensive  
collection of  
lifestyle solutions

900<sup>x</sup>1800<sup>mm</sup>

✕ 9<sub>mm</sub>

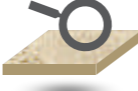

9 mm is the ideal thickness for both floor and wall coverings as it can impart good strength to the tile. It can endure everyday wear and tear easily without distressing the overall beauty of the tile. This thickness format is the perfect mélange of functionality and fashion. The ergonomic built expands its applications potential, and reduces chances of breakage. This heavy thickness makes the tile resistant to thermal shock and breaking loads. All in all, it can make the tile stand the test of time effortlessly.

## The new age porcelain slabs

We have developed this set by integrating the market requirement with our streak of innovation. Its standard size and bankable thickness stand for the perfect mélange of functionality and fashion. Its ergonomic structure allows multiple applications and distinctive thickness option makes it light in weight and easy to install. It is ideal for any space having light footfall.

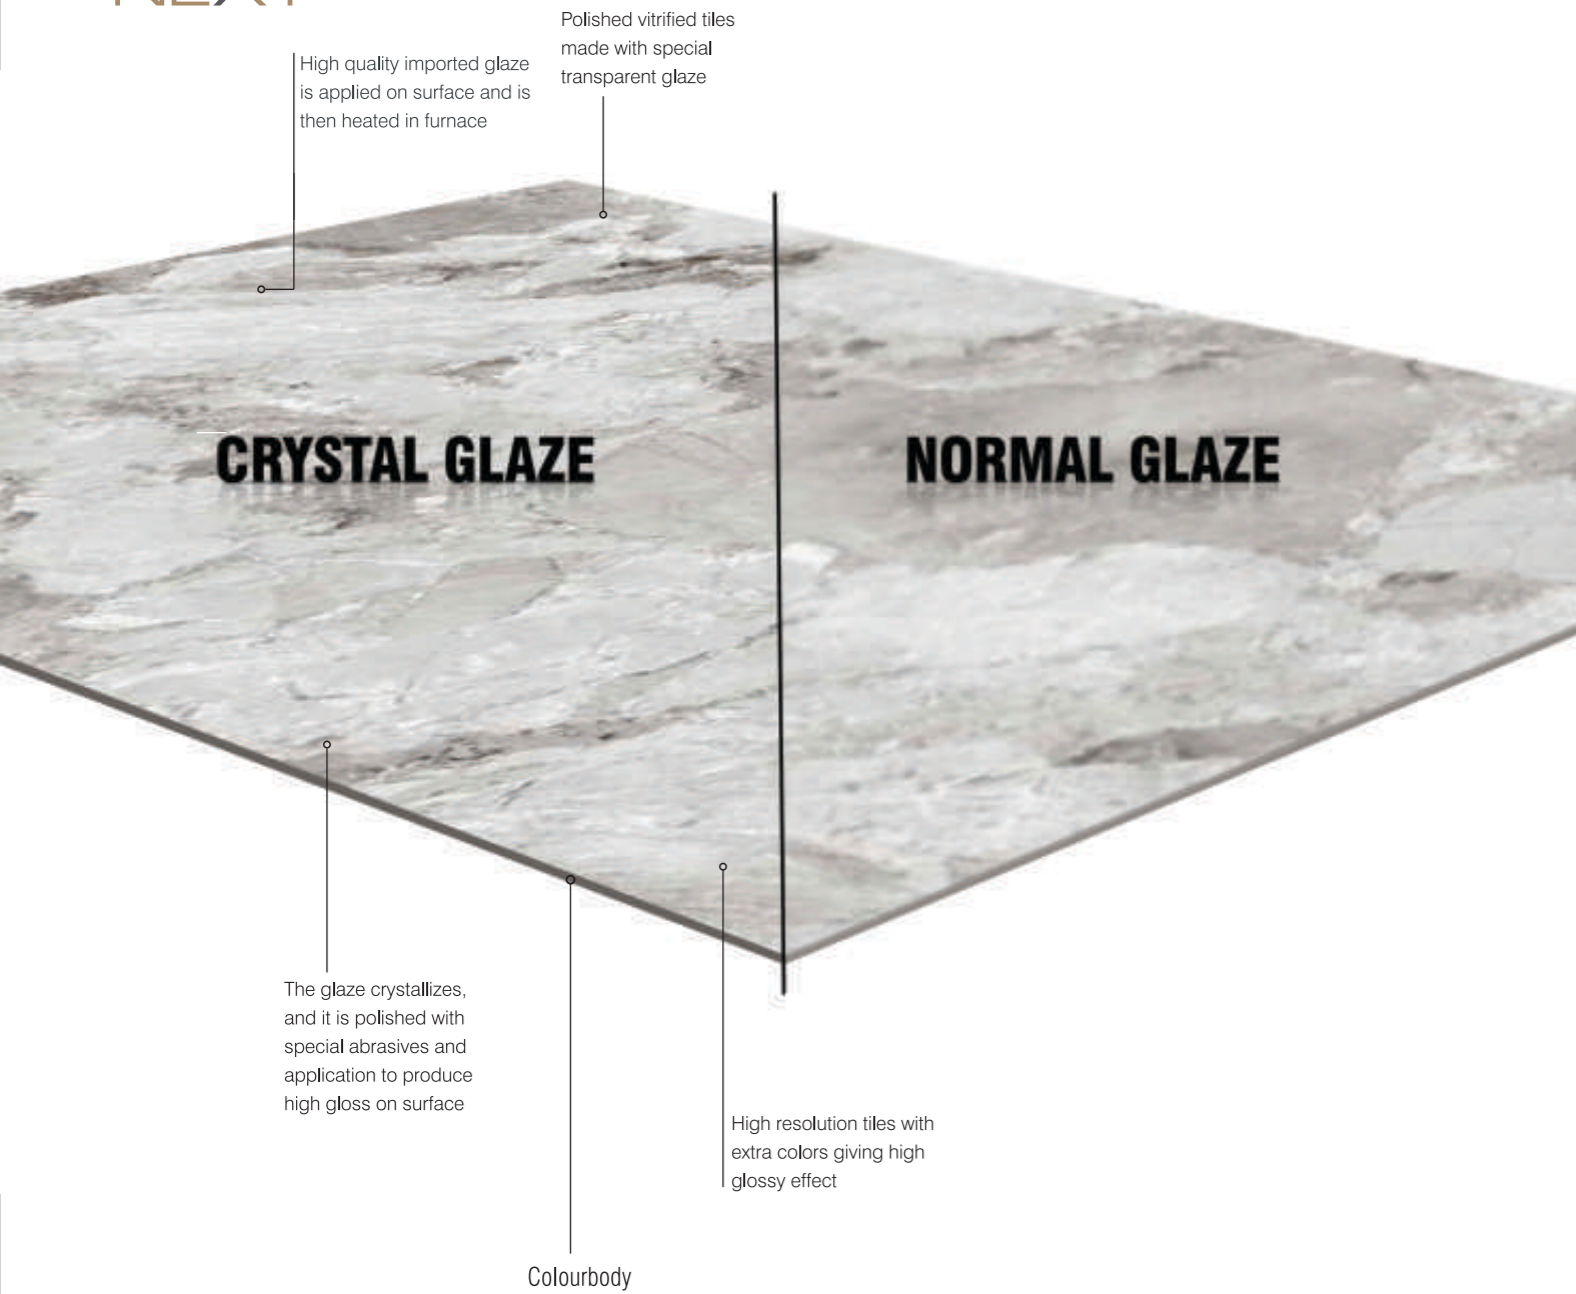

### APPLICATIONS

Varmora Hi Gloss Tiles are made using a special transparent glaze. With extra colors, its beauty and sheen is enhanced to a better level. Imported, special transparent glaze is applied on the surface and the tile is heated in a furnace to impart a high gloss resembling crystalline glass. A thin layer of glass glaze is also applied on surface which gives extra shine and brightness. This imported granula is spread with special equipment for more smooth and transparent surface. With extra polishing, this tile is imparted a peerless sheen that is equaled by none. This tile series is highly suitable for interior wall and floor applications for Residential & Commercial areas. This is 100% replacement for Italian Marble due to its high gloss, high durability.

Rocker finish works as the perfect glory enhancer for a variety of abodes. It gives a unique appeal to the overall aura of the room. Non-slippery, abrasion resistant and easy to maintain reactive finish tiles come with a promise of durability and reliability. The pigments used for making reactive ink finish surfaces are non-combustible when exposed to extreme heat and do not allow seepage of water which in turn adds life into the tile. Also, as solid color composition is its biggest forte; pleasing surface beauty is guaranteed.

Varmora Metallic Finish tiles impart a sheen that few can easily replicate. Utilizing the best technology, metallic liquid glaze or metallic flakes are applied on surface, compressed & fired in furnace to achieve an authentic metallic finish. This uses machinery of the latest make. This metallic glaze is applied through air power machine which results in creating layer of metallic material on surface and helps to penetrate inside. After heating up in kiln, it gives a Swarovski sparkling and glittery look. Subtle surface variations can be easily introduced via fine digital printing to achieve aesthetic perfection. It has a look of authentic metallic materials, so it is highly suggested for home applications in bathroom, living room, kitchen etc. and can also ideally be used for wall cladding in domestic and commercial areas.

## Technical Specification

Nextile is definitely a quality-keen range. The tiles presented possess best of the features and have passed all the standard quality tests. Right from resistance level to tonal purity, these are fully approved and hence reliable.

Sr. No.	Characteristic	Test Method	IS 15622 :2017 (GROUP B I a)	Varmora Value
<b>A</b>				
<b>Dimension &amp; Surface Quality</b>				
1	Deviation in Length & Width	IS - 13630 - 1	± 0.10%	± 0.10%
2	Deviation in Thickness	IS - 13630 - 1	± 5.00%	± 3.50%
3	Straightness of sides	IS - 13630 - 1	± 0.10%	± 0.10%
4	Rectangularity	IS - 13630 - 1	± 0.10%	± 0.10%
5	Surface Flatness	IS - 13630 - 1	± 0.50%	± 0.20%
6	Surface Quality	IS - 13630 - 1	Minimum 95 % of tiles shall be free from visible defects	95%
<b>B</b>				
<b>Physical Properties</b>				
1	Water Absorption	IS - 13630 - 2	≥ .08%,Avg.	0.06%,Avg.
2	Modulus of Rapture(N/mm <sup>2</sup> )	IS - 13630 - 6	Avg. 35 N/mm <sup>2</sup>	Avg. 40 N/mm <sup>2</sup>
3	Breaking Strength (N)	IS - 13630 - 6	Thickness <7.5 mm = 700 N Thickness ≥7.5 mm = 1300 N	Thickness <7.5 mm = 750 N Thickness ≥7.5 mm = 1300 N
4	Moisture Expansion (mm/m)	IS - 13630 - 3	0.02 Max.	0.01 Max.
5	Scratch Hardness of Surface (Moh' Scale)	IS - 13630 - 13	5,Min	5*
6	Resistance of Surface Abrasion (Glazed tiles)	IS - 13630 - 11	Class II, Min.	Class IV
7	Co-efficient of linear thermal expansion	IS - 13630 - 4	6x10 <sup>-6</sup> , Max	6x10 <sup>-6</sup> , Max
8	Thermal Shock Resistance	IS - 13630 - 5	10 Cycles, Min	10 Cycles,Pass
9	Crazing Resistance	IS - 13630 - 9	4 Cycles at 7.5 Bar ,Min	4 Cycles, Pass
10	Impact Resistance- Coefficient of Restitution	IS - 13630 - 14	0.55 ,Min	0.55 ,Min
11	Coefficient of Friction	-	Manufacturer Norms	Manufacturer Norms
12	Frost Resistance	IS - 13630 - 10	Manufacturer Norms	No Damage
13	Bulk Density (g/cc)	IS - 13630 - 2	2.2 , Min	2.3 , Min
<b>C</b>				
<b>Chemical Properties</b>				
1	Resistance of Staining	IS - 13630 - 8	Class 1,Min	Class 2,Min
2	Resistance of Household Chemicals	IS - 13630 - 8	Class AA,Min	Class AA
3	Resistance to Acids & Alkalis	IS - 13630 - 8	Required IF agreed according to chemical resistance class indicated by manufacturer	Resistance

\* Minimum 5 on unpolished tiles.
