NEXTILE[®]
THE SLAB

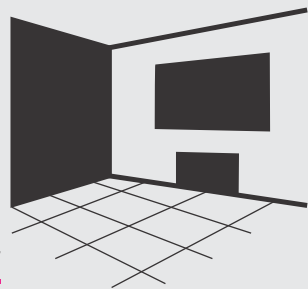

THE SLAB

We're here To introduce next-generation trends

Varmora has carved a niche for itself with its innovative and inspiring collection. Continuing the legacy, we are here with another path-breaking collection, varmora. As the name suggests, it is the next generation tiles collection that is built with 5th Gen Technology and has incredible features that can stand the test of time. varmora consists of a range that very well integrates technology and creativity. Robust surfaces and elite craftsmanship attest to the inherent grandeur of the collection. Developed under the constant surveillance of experts, varmora is a work of art that can address the concept of versatile application with sheer ease. The scintillating shades, enthralling designs, intriguing patterns are but a few reasons to fall head over heels in love with this collection.

Applications / Stays Nextile

Wall & Floor

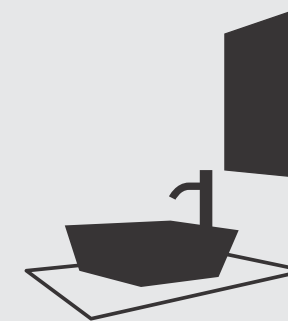

Nextile is one of the most reliable options for Kitchen units and worktops. It has a solid and sturdy body that can handle everyday wear and tear without losing inherent charm and warmth.

Kitchens

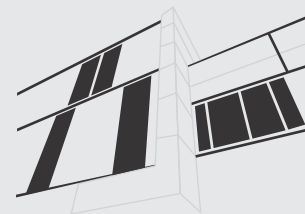

Nextile can complement the sink application as well as it is moisture resistant and does not require heavy maintenance. It is durable and easy to clean. Since the tile is digitally printed, it can stand the test of time efficiently.

Bathroom

Nextile can do complete justice to bathroom application. The compact, non-porous, abrasion, slip and water resistant Nextile has soothing designs that can give bathrooms a tranquil look.

Facades

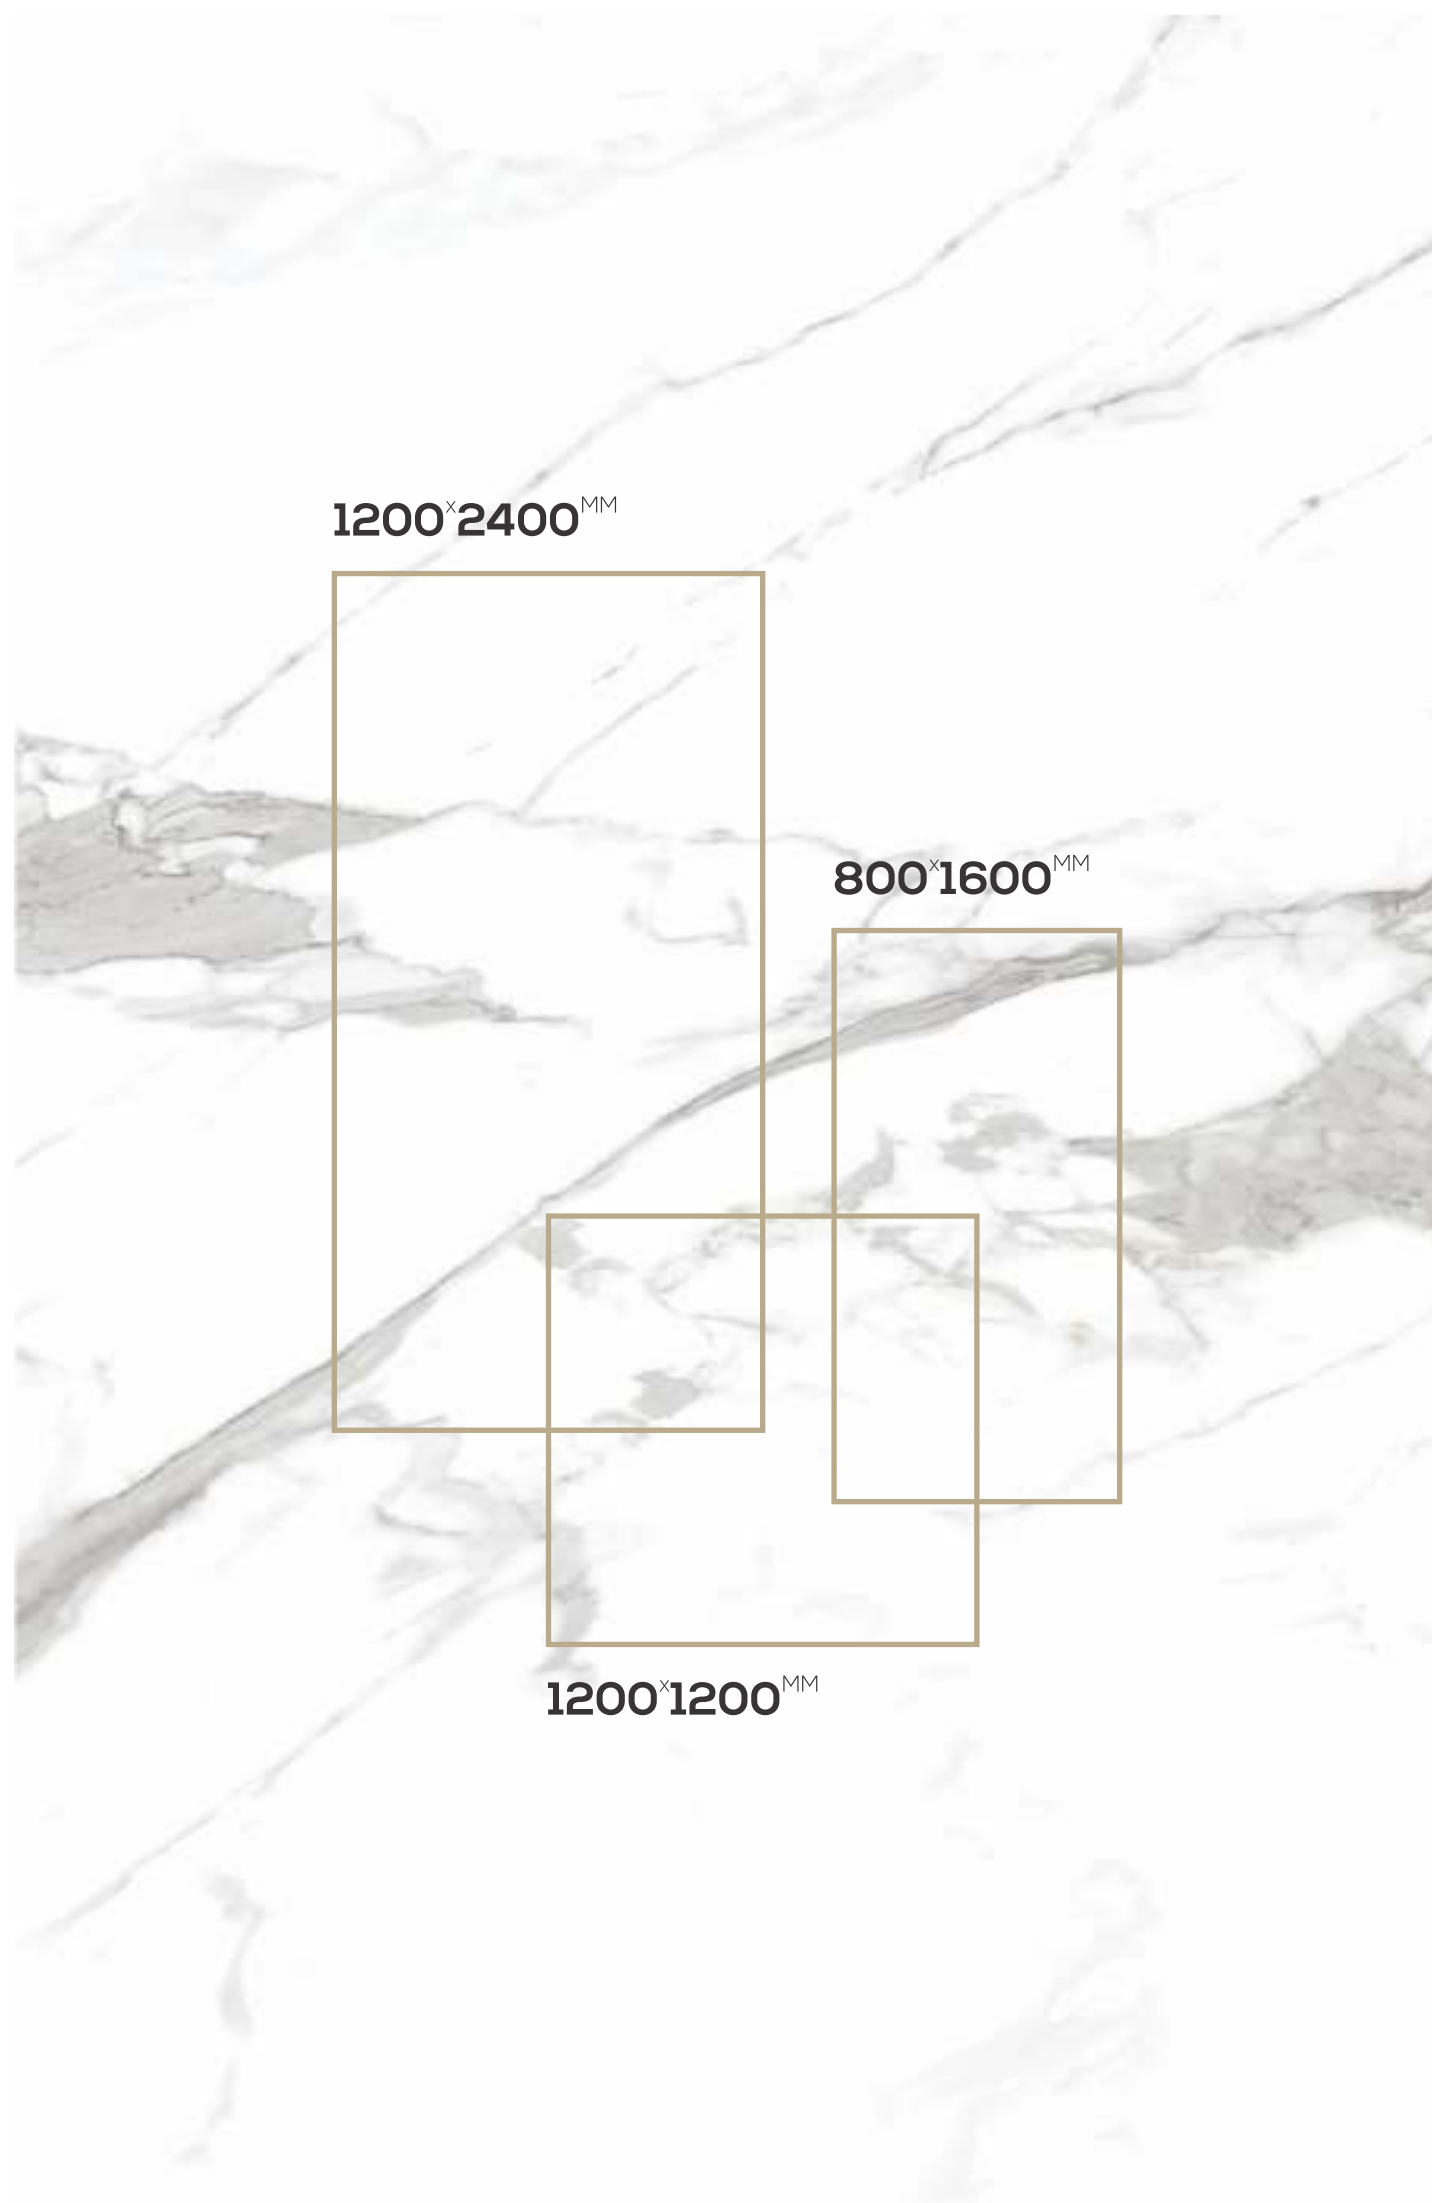

Nextile is ideal for façade application also. It can give a solid covering to the buildings and also demand minimal maintenance. It is all weather-friendly and is resistant to grime.

Furniture

Nextile can give any furniture a touch of exclusivity. It can take the shape of your décor and also last long. Tiles are easy to clean and resistant to stains and scratches as well.

A comprehensive collection of lifestyle solutions

✂ 5.5^{mm}

We have developed this set by integrating the market requirement with our streak of innovation. Its standard size and bankable thickness stand for the perfect mélange of functionality and fashion. Its ergonomic structure allows multiple applications and distinctive thickness option makes it light in weight and easy to install. It is ideal for any space having light footfall.

✂ 9^{mm}

9 mm is ideal thickness for both floor and wall coverings as it can impart good strength to the tile. It can endure everyday wear and tear easily without affecting the overall beauty of the tile.

The new age porcelain slabs

Nextile can be called as the modern-day avatar of ceramic distinction as it has enduring pieces of class and potency. Be it a contemporary space or a classic one, it can do justice to any without any struggle. It is sure to spoil you for choice as it has a wide variety in terms of colors, sizes, and aesthetics. It can cover your walls with grace, your floor with glory and, your ambiance with excellence. Technical accuracy has always been our forte and this time around the same is very well blended by us in our architecture collection that has serene designs and subtle hues; which allows multiple applications including indoor coverings and as well as facades.

-  Kitchen / Bathroom
-  Wellness / Hospitality
-  Indoor / Outdoor furniture
-  Wall Cladding

	Highly non-porous		Resistant to detergents
	Easy to clean and maintain		Resistant to chemicals
	Suitable for contact with food		Friction coefficient
	Water resistant (water absorption 0.1% average value)		Coefficient of Linear Thermal-Expansion
	Dimensional stability		Resistant to humidity
	Suitable for indoor and outdoor applications		Colour resistant to light
	Fire Resistant		Deep abrasions resistant
	Resistant to mould and fungi		Stain Resistant
