## PIATTI DOCCIA IN MARMORESINA

La resina miscelata con minerali garantisce elevate prestazioni tecniche e strutturali ed è ideale sia per ambienti interni che esterni. L'impasto è totalmente pigmentato: ciò significa che l'interno del prodotto e la superficie del piatto doccia hanno lo stesso colore. Il piano inclinato facilita lo scorrimento dell'acqua e con soli 25 mm di altezza si adatta all'installazione sia filo pavimento che sopra pavimento. La superficie è antiscivolo con trama pietra.

Il prodotto è adattabile anche per installazioni in fuori squadra, in quanto è di facile taglio con disco apposito.

Il piatto doccia viene fornito completo di piletta di scarico e copertura piletta in acciaio inossidabile.

## MARBLE-RESIN SHOWER TRAYS

Resin mixed together with minerals guarantees mechanical high-performance and aesthetic features. The shower trays can be installed inside or outdoors. The shower tray body is pigmented in the same color as the shower tray surface, it is anti-slip and it reproduces a stone surface.

The shower trays can be installed in out of square corners.

The trays can be cut by using the appropriate cutting tool. The slope permits excellent draining and with a total height of 25 mm the shower tray may be installed normally on the bathroom floor or sunk in level with the flooring. The shower tray comes complete with siphon and stainless steel drain cover.
