frame 25 Mirror cabinets

The timeless frame 25 mirror cabinet is a useful addition to a bathroom washbasin: Its continuous LED strips casts bright light, similar to daylight, on your face for applying make-up application or shaving and is a handy place to store accessories. High-quality details such as double-sided, mirrored, soft-closing doors, adjustable glass shelves and integrated sockets are all very impressive in day-to-day use. An optional accessory kit, consisting of a freely adjustable make-up mirror, a magnetic strip and storage cups for cosmetics provides even more convenience. Bottom ambient lighting is also available to cast mood lighting onto the washbasin.
