

Colección inspirada en la recuperación del protagonismo de las baldosas hidráulicas artesanales como elemento decorativo, evolucionando nuestra conocida serie Heritage en un conjunto de patrones de mayor tamaño y de estilos diferentes con un hilo argumental común, la pasión por la tradición, la geometría y el color, que crean un universo libre y flexible de infinitas combinaciones en un hermoso tono Mix donde destacan vibrantes ocre, verdes y naranjas, la frescura de un Blue con profunda paleta de azules y un sereno Black con gama de neutros.

A collection inspired by the return to popularity of hand-crafted cement tiles as decorative elements. Our Heritage series has evolved into a set of large-sized patterns of different styles with a common running thread; the passion for tradition, geometry and colour that create a free and flexible universe of infinite combinations. In a beautiful Mix tone featuring vibrant ochres, greens and oranges, the freshness of the Blue with a deep palette of blues and a serene Black with a range of neutral shades.
