

# Marble Arcobaleno

Porcelánico Coloreado / Full Body Porcelain

Los colores convergen en esta elegante roca metamórfica sorprendente en cromatismos y diseño. Un mármol extremadamente complejo con una estética etérea, casi celestial, donde predominan los blancos y cremas con vetas y líneas con matices ágata, esmeralda, rosa amarantho, coral o férricos.

Colours join together on this elegant metamorphic rock, surprising in its hue and design. An extremely complex marble with an ethereal, almost heavenly aesthetic, where whites and creams predominate with veins and lines of agate, emerald, yellowish pink, coral or ferric shades.that pay tribute to rustic floorings.
