D. NUC TURQUOISE

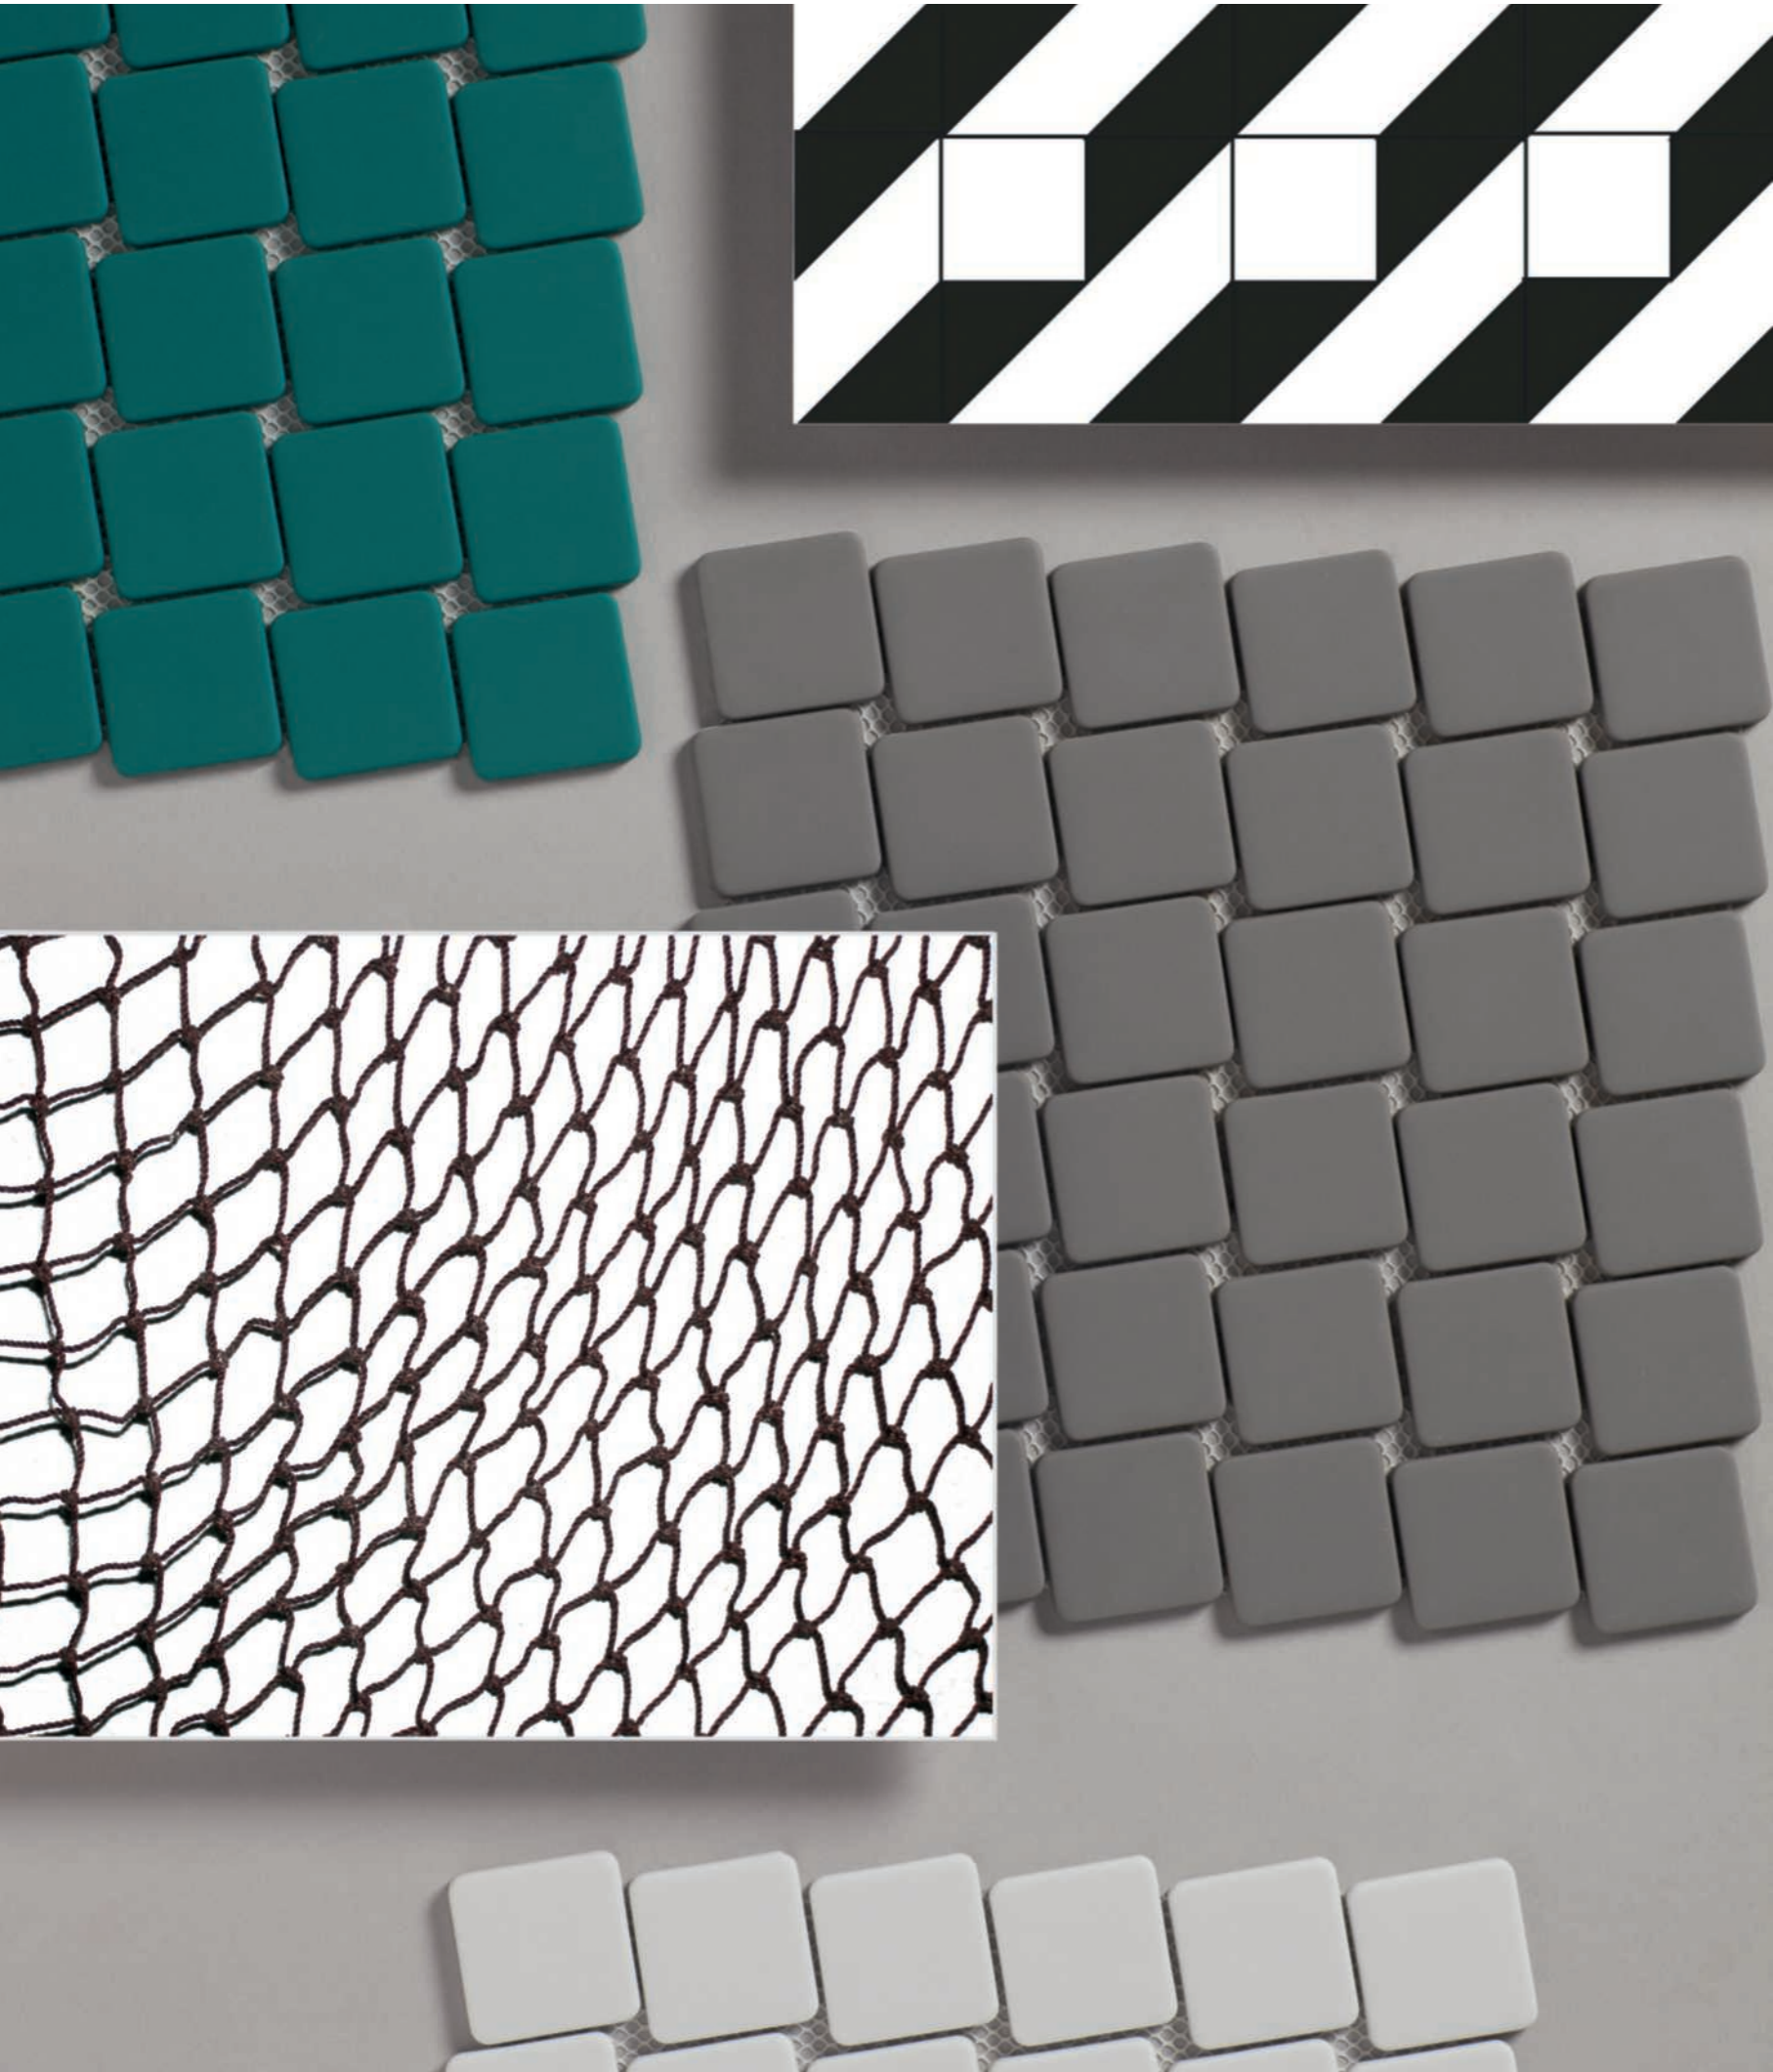

NUC by MUT features mesh-mounted mosaics formed by simple 4,5 cm glass tesserae inspired by the Gestalt Principles, which explain the origin of perceptions in accordance with the stimuli received. This new design in signature wall tiles is therefore conceived as a product that confers equal importance on all its elements, which in this case include the joints, converted into a focal point.

NUC by MUT es un mosaico enmallado compuesto por sencillas teselas cuadradas de vidrio de 4'5 cm que se inspira en las 'leyes de la Gestalt', leyes que explican el origen de las percepciones a partir de los estímulos de cada receptor. Este nuevo diseño para revestimiento de Autor trata por tanto de ser un producto que dota de la misma importancia a todas sus partes, y en este caso no se olvida de las juntas, ya que cobran un papel protagonista.
