Essenzialmente contemporanea, naturalmente di design.

Essentially contemporary, naturally design-led.
Essentiellement contemporaine, naturellement de design.
Essentiell modern, natürlich im Design.
Современный по сущности, дизайнерский по природе.

Nella fusione fra tradizione e avanguardia si plasma una materia ispirata al cemento, dotata di grande naturalezza nelle sue superfici matt, con i suoi quattro colori essenziali dalle tonalità neutre: beige, tortora, grigio chiaro e antracite. Questa è Portland una collezione in gres porcellanato realizzata con tecnologia digitale, disponibile in quattro formati, in versione tinta unita o decorata, per arricchire ambienti residenziali e spazi commerciali con il gusto contemporaneo del design e dell'eleganza.

A material inspired by concrete, shaped by the fusion of tradition and avant-garde technologies, with a great natural look and matt surface available in four essential neutral shades: beige, dove grey, light grey and anthracite. This is Portland, a porcelain stoneware collection created using digital technology; it is available in four sizes and two versions, plain or decorated, to enrich residential environments or commercial spaces with a contemporary, design-led and elegant look.

Dans la fusion entre la tradition et l'innovation, prend forme une matière qui est inspiré par le béton, doué avec beaucoup de naturel dans sa surface mate, avec ses quatre couleurs essentielles et ses nuances neutres : beige, gris, anthracite et taupe. C'est la Portland, une collection en grès cérame réalisé avec la technologie numérique, disponible en quatre formats et en version tinte unis ou décorée, pour enrichir les espaces résidentiels et commerciaux avec un design contemporain et d'élégance.

Beim Verschmelzen von Tradition und Fortschritt entsteht ein Material, das an Beton erinnert und mit seiner matten Oberfläche in vier neutralen Grundfarben, beige, taubengrau, hellgrau und anthracite über eine große Natürlichkeit verfügt. Das ist Portland, eine Kollektion aus Feinsteinzeug, hergestellt mit digitaler Technologie. Verfügbar in vier Formaten, einfarbig oder als decor um Wohn- und Geschäftsräume mit dem modernen Stil von Design und Eleganz zu bereichern.

На основе слияния традиции и авангарда рождается вдохновленный цементом материал, обладающий матовыми поверхностями и выраженным натуральным характером, предлагая четыре сдержанных цвета нейтральных оттенков: бежевый, серо-коричневый, светло-серый и антрацитовый. Представляем вам Portland - коллекцию керамогранита, созданную по технологии цифровой печати, с тремя форматами в однотонном или декорированном варианте, приносящую современный вкус дизайна и элегантности в жилые помещения и торговые объекты.
