Extraordinary Size amplia la sua gamma: la collezione "I Marmi" si arricchisce, nell'articolo Statuario, della "vena speculare" ovvero della medesima grafica ribaltata su due lastre A e B.

AVA da sempre si propone come obiettivo la ricerca di ciò che è bello e di ciò che è insolito. Extraordinary Size, il progetto dedicato alle grandi lastre in gres porcellanato, ha rispettato queste aspirazioni e ha portato sul mercato, nel formato più grande al mondo, una splendida interpretazione di "vena speculare" dello STATUARIO, il famoso quanto prezioso marmo bianco venato italiano. La "vena speculare" rappresenta la bellezza assoluta, la proporzione più equilibrata, il senso ideale delle venature marmoree ed è pensata per gli ambienti più ricercati dove la cura del dettaglio e la ricerca della qualità sono i protagonisti assoluti.

Ava has always strived for beauty and originality. Upholding these principles, our oversize porcelain stoneware collection Extraordinary Size has brought the world a larger-than-ever, stunning interpretation of statuario marble, featuring the "mirror vein" of this widely renowned and equally prestigious white veined Italian marble. The "mirror vein" is the embodiment of absolute beauty and absolute balance; it is an ideal vision of marble veining, perfect for sophisticated designs, where attention to detail and the quest for quality are essential.

FLEXY è una carta da parati innovativa e tecnologicamente all'avanguardia.

FLEXY è una speciale carta da parati costituita da fibra di vetro, quindi naturalmente idrorepellente. La superficie è caratterizzata da una struttura a rete che la rende moderna alla vista e piacevolmente materica al tatto.

FLEXY significa flessibilità: nell'utilizzo e nella personalizzazione.

FLEXY è idrorepellente, può essere applicata anche sulle pareti di ambienti umidi (come bagni e cucine) e si può pulire con normali detergenti neutri.

Flessibile è anche la posa, che non necessita di particolari cautele rispetto alla carta da parati tradizionale né di collanti speciali.

FLEXY è in fibra di vetro, pertanto non incide sul grado di infiammabilità dell'ambiente in cui viene posato.

FLEXY è flessibile nella personalizzazione: tutti i soggetti della collezione AVA WALLAPER 2015 e 2016 sono disponibili anche in questo innovativo materiale.

Ogni rotolo di carta da parati Flexy misura 96 cm / 38" in larghezza.

L'altezza è sempre in funzione della misura della parete in cui deve essere applicata.

FLEXY is an innovative and technologically advanced wallpaper.

FLEXY is a special wallpaper made from fibreglass, which means it is naturally water-repellent. Its surface features a mesh-like pattern that makes it both contemporary in style and pleasingly textured to the touch.

FLEXY means flexibility, in both use and customisation opportunities.

FLEXY is water-repellent, can be applied on the walls of rooms prone to moisture exposure (such as bathrooms and kitchens) and can be cleaned with normal neutral detergents.

It also offers flexibility in laying and requires no more special precautions than conventional wallpaper, nor special glues.

FLEXY is made of fibreglass and, therefore, does not affect the flammability of rooms where it is hung.

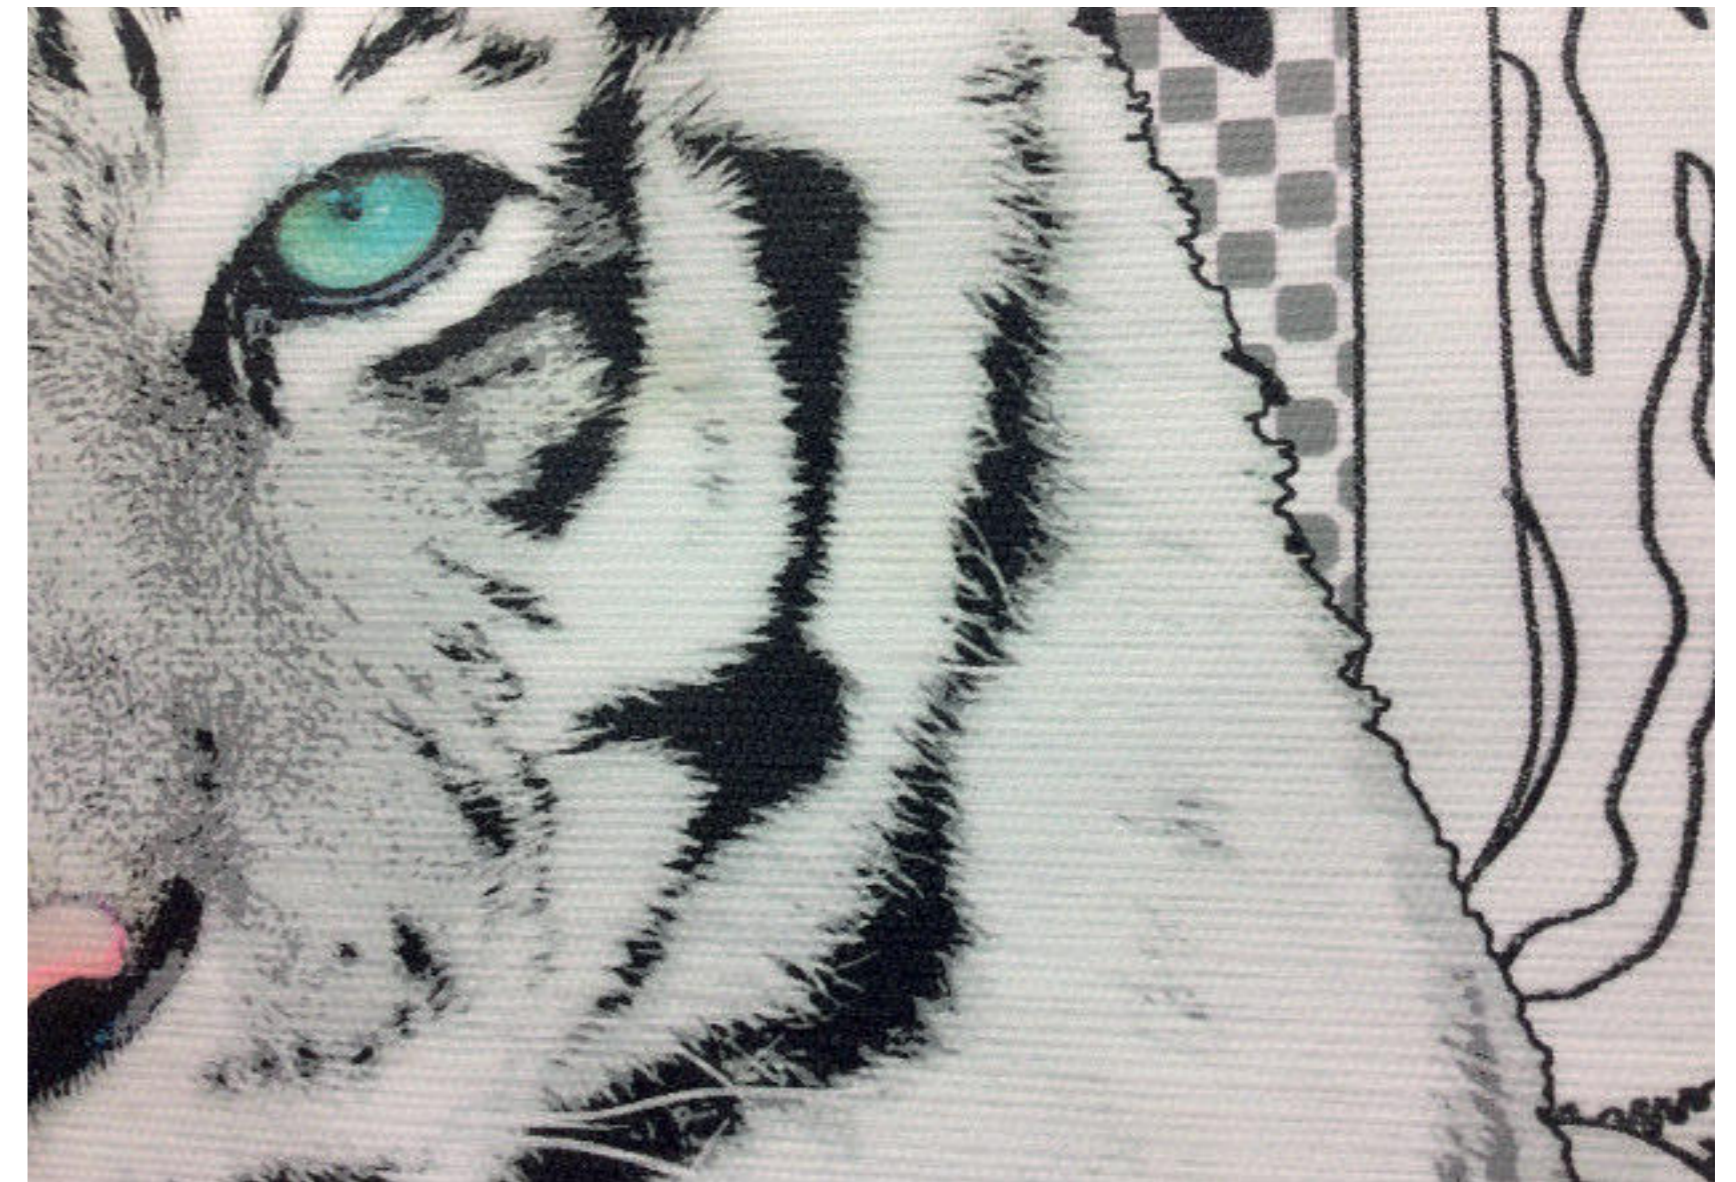

FLEXY offers flexible customisation opportunities, with all the AVA WALLPAPER 2015 and 2016 collection designs also available in this innovative material.

Each roll of Flexy wallpaper is 96 cm / 38" wide, while the height depends on the wall where it will be hung.
