RAFTERS

I contrasti cromatici decisi dei legni ai quali la serie si ispira, rendono Rafters un rivestimento ricco di carattere, dai toni vivi, con i colori più intensi della natura. Formati ideali per creare decorazioni dal sicuro impatto percettivo, e rendere il proprio ambiente un luogo dinamico, senza rinunciare ad un profondo senso di benessere.

The strong colour contrasts of the woods inspiring the series add great character to the Rafters tiling range, with bright shades reproducing the most intense colours of nature. Ideal sizes for creating decorations with a strong visual impact, making any room a dynamic space without compromising on a profound sense of wellbeing.

En s'inspirant des contrastes chromatiques marqués des bois, la série Rafters est un revêtement plein de caractère, avec des tons vifs et les couleurs les plus intenses de la nature. Proposée dans des formats idéaux pour créer des décorations de très grand impact esthétique en rendant toute pièce dynamique, sans renoncer à une profonde sensation de bien-être.

Die starken Farbkontraste der Hölzer, an denen die Serie inspiriert ist, machen Rafters zu einem charakterstarken Wandfliesenbelag mit lebhaften Farbtönen und den intensivsten Farben, die in der Natur zu finden sind. Formate, die sich optimal für ausdrucksstarke Dekorationen eignen und das persönliche Ambiente zu einem dynamischen Ort machen, der gleichzeitig ein tiefes Wohlgefühl hervorruft.
