SCALES by MUT seeks to reproduce the vibrancy and dynamism of a fish's iridescent skin as each wave washes over it. With SCALES, MUT focused once again on creating a simple yet radically different design able to dress up walls in a stylish fun-filled way. Inspired yet again by nature, but this time by the scales that give fish their reflectant capacity, the attraction of these ceramic tiles is their capacity for interplay between light, shade and colour.

SCALES by MUT busca reproducir la sensación de movimiento vibrante que transmite la piel tornasolada de los peces con cada ondulación. Con SCALES, MUT apuesta de nuevo por un diseño sencillo, pero radicalmente diferente que permite revestir paredes de una forma divertida a la vez que elegante. Inspirados una vez más en la naturaleza, y en este caso en las escamas que otorgan a los peces esa cualidad reflectante, el atractivo de estos módulos de revestimiento cerámico reside en cómo son capaces, de una forma natural, de generar un juego óptico de luz, sombras y color.
