

Sinphonia

Incasso _ Built-in

La gamma di lavelli ad estetica squadrata Sinphonia nasce con l'obiettivo di proporre un nuovo concetto di sistema di lavaggio elegante e raffinato nelle forme, versatile e funzionale nell'utilizzo di tutti i giorni.

Gli eleganti accessori in vetro e acciaio perfettamente scorrevoli sul lavello e sul top ed utilizzabili come superfici di appoggio e di lavoro, permettono di chiudere completamente il lavello quando non utilizzato, conferendo un senso di ordine e di pulizia all'intera cucina.

L'originale progetto della piletta di scarico a scomparsa, conferisce coerenza stilistica al prodotto, mantenendo inalterate facilità di pulizia e semplicità d'uso del sistema di scarico dell'acqua.

The square-shaped Sinphonia sink range was conceived with the aim to offer a new, elegant and refined washing concept along with a versatile and functional everyday use.

The stylish glass and steel sliding accessories covering the sink, besides providing a working surface, keep the sink closed and supply the kitchen with a tidy and neat look.

The original design of the concealed drain adds style and ease of cleaning to the sink along with a simpler way to drain water.

The hide away drainer

The original "hidden away drainer" adds stylistic refinement to the overall design, thus eliminating the unpleasant round shape of traditional drainers, and providing stylistic coherence to the minimalistic design of the sink. The special 3 mm stainless steel drain outlet covers, provides the bowl bases with a perfect unique straight surface, ensuring that even small items and Glasses are kept erect.

Il sistema di piletta a scomparsa

L'originale "sistema di piletta a scomparsa" conferisce coerenza stilistica al lavello e alla cucina eliminando le forme tonde della piletta poco integrabili con i concetti progettuali minimalisti del Sinphonia. Le speciali coperture in acciaio inox con 3 mm di spessore, inoltre, rendono il fondo del lavello completamente piano, adatto a poggiare qualsiasi oggetto.
