

COLLECTION

SULLY

Suivant les collections Amboise et Cheverny, la série Sully est l'aboutissement et l'apogée du style classique-baroque accentué par l'accumulation de pierres semi-précieuses telles que le Lapis lazuli, Malachite, onyx noir et Jaspe rouge.

Déclinée pour le lavabo, la douche et la baignoire avec une ligne d'accessoires coordonnés, cette série est disponible dans un large choix de finitions, parmi lesquelles le chrome, l'or, l'or pâle, le nickel, l'argent rhodié ou encore l'or rose.

Classic shapes and fine materials for a very french luxury collection.

Striking and ornate, the jewel-encrusted Sully is part of the Prestige collection and was created for THG by Jean-Claude Delépine, designer of some of the world's most coveted interiors and jewelry brands. Regarded for outfitting five star hotels, royal palaces and opulent residences around the globe, THG's Sully epitomizes luxury with its intricate detailing and jewel like construction.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.
