Floor tile Altamura Silver 120x120. Tops Torano Statuario and Grum Black 320x160 (Ascale)

# MARBLE TORANO

P V2 R

Miguel Ángel lo comparó con el azúcar. En el año 1518, subió a la cantera de Cervaiola, en el toscano Monte "Altissimo", y descubrió su mármol ideal. Más precioso, en su opinión, que el de la célebre y cercana Carrara.

De difícil acceso, durante años el artista intentó abrir un camino hacia Cervaiola para explotarla y rematar con él la fachada de la iglesia de San Lorenzo. Nunca lo consiguió. Obsesionado con el lugar, llegó a fantasear con tallar allí toda una montaña.

*Michael Angelo compared it to sugar. In 1518, he went up to Cervaiola quarry, on Tuscany's Mount Altissimo, and discovered his idea of the perfect marble, more precious, in his opinion, than the famous nearby Carrara marble. Cervaiola is very hard to reach and for years the artist tried to open up a road to it so that he could take advantage of the marble and finish off the façade of San Lorenzo Church with it. He never managed to do so. Obsessed with the place, he even fantasized about sculpting a whole mountain there.*
