Ferrarini

Versatile, trasversale, perfetta per inserirsi in contesti diversi di stile. La collezione di lavabi Velo, disponibile nelle forme tonda, ovale e rettangolare, si aggiorna per incontrare il gusto contemporaneo. Nel rispetto del concept originale, delle geometrie e delle dimensioni della serie, i bordi si fanno però più sottili di 5 mm conferendo maggiore leggerezza all'insieme e allo stesso tempo garantendo un maggior volume del bacino. Rimane invariata la caratteristica forma delle versioni tonda e ovale con la base d'appoggio molto stretta e il bacino molto più ampio, mentre nella versione rettangolare con spigoli arrotondati il volume è perfettamente ortogonale.

*Versatile, transversal, perfect to fit in different environments. The Velo washbasin collection, available in round, oval and rectangular shapes, is updated to meet a contemporary inclination. Considering the original concept, geometry and dimensions of the series, the edges are 5 mm giving greater lightness to the whole and at the same time ensuring a greater volume of the basin. The typical round and oval shapes remain unmodified with a very narrow base for support and a wider bowl, while the rectangular version with rounded corners has a perfectly perpendicular volume.*
